It really is possible to learn a new language—if you can tap your innate language-learning ability. And that’s exactly what Rosetta Stone does.

Rosetta Stone is the #1 language-learning software in the world, used successfully by millions of people in 150 countries. It’s been adopted by government agencies and corporations—including Deutsche Telekom, IBM, and Lockheed Martin—and thousands of schools and universities around the world. With Rosetta Stone, learning a new language is easier than you ever imagined.

The Natural Way to Learn a Foreign Language

Rosetta Stone’s award-winning Dynamic Immersion™ method taps the reasoning and language skills you used to master your native language. Rosetta Stone

- Immerses you completely in your new language so you’ll learn quickly and retain what you learn
- Provides constant feedback so you’ll feel confident in your ability to speak, listen, write, and read your new language accurately
- Guides you logically through a carefully structured curriculum so you’ll learn vocabulary and grammar effortlessly without memorization
- Enables you to learn a new language on your own schedule, whenever it’s convenient, on CD-ROM or online

With Rosetta Stone, learning your second language will be as natural as learning your first.
