

BJU Press

Christ-Centered Resources for Education, Edification, and Evangelism

Since its inception in 1974, BJU Press has become one of the leading publishers of Biblically integrated textbooks and one of two Christian publishers with a complete PK-12 offering. BJU Press currently supplies thousands of homeschoolers with textbooks and other resources. Written by Christian authors with a clear Biblical world-view and an academically sound philosophy of education, one of BJU Press's core educational tenets is the idea that the teacher (the parent) is the key. That means the authors have written their materials to be flexible resources to be used with a variety of teaching styles or with students of varying learning styles.

To order any BJU Press item such as textbooks, DVDs, Hard Drive, DLO, etc., please contact a HomeWorks Consultant by clicking [here](#). Textbooks You want to give your child the best education. We do too. BJU Press produces textbooks and other materials that build your child's thinking skills, make learning enjoyable, and help shape your child's character. BJU Press believes that all truth is God's truth and that all truth should be taught from God's perspective. Therefore, BJU Press textbooks approach each subject from a thoroughly biblical viewpoint that is natural and unforced—not added as an afterthought. You will also find that all of your books build on each other to create a complete, unified learning experience. Your child will gain a sound education, and you will not waste precious time trying to adjust to different textbooks for different subjects. Distance Learning BJU Press Distance Learning is tailored to meet the specific needs of homeschoolers around the nation. It offers courses from K—grade 12 in a wide range of subjects. Programming is divided by grade and subject, so you may choose specific help. Distance Learning is available via DVDs, Hard Drives, or online (Distance Learning Online). Friendly Service BJU Press's friendly and knowledgeable staff is on hand to answer any questions you have—from details about programming schedule to how to connect to DLO.
